

Sport Pupil Premium Funding – April 2016 to April 2017

Total Funding Received: 8875

Item	Cost	Objective	Outcome/Impact
Boogie Beat after-school club for reception children.	£280	To provide an active after-school club for our reception children where they can dance and move through stories and music.	The after school club enabled a large proportion of children in the reception class to take part in extra curricular activities. They developed their dance and coordination skills in a fun and inspiring way.
Gymnastics Coaching	£1680	Gymnastics coaching for staff in response to staff questionnaires requesting further CPD and high quality coaching for children across all age groups.	Following the success of the coaching and CPD in some KS2 classes last year, and the new scheme of work arising from this; we have now provided sports coaching for the remaining classes/teachers in school, including KS1 and KS2 classes. This has led to up to date knowledge and understanding for teachers on how to teach outstanding gymnastics and has enabled all children to have a block of quality gymnastics coaching to improve their skills, ensuring that the benefit is sustainable.
Rugby (professional coaching) after school provision.	£350	To provide high quality Rugby coaching to KS1 children to build on teaching from the previous two years and to ensure continuity.	The after-school club has been well attended by children in KS1, most of whom had never attended a sporting after school club.
Football - Stockport County Football Club (professional coaching).	£3480	To provide professional football coaching for KS1 and KS2 children, including an after-school club to increase competitiveness in KS2 children. Also, to teach motor skills to children in reception. Furthermore, to work with teachers as part of their continuing professional development. To establish links with local sports clubs.	All Reception, KS1 and KS2 children have had the opportunity to work with the coaches to develop their motor skills. Children have learnt to work as part of a team, the importance of which was further outlined in a special assembly for the children where a member of the First team spoke to them about healthy lifestyles. Children had the opportunity to be competitive throughout the lessons and through a tournament against other schools organised by the club. Children have been offered free tickets to watch Stockport County play at their local stadium, thereby establishing links with the local community. The teachers have worked closely with the coaches to ensure that they are able to sustain the high level of coaching once the funding ends.

Item	Cost	Objective	Outcome/Impact
Sports Day	£97.70	To provide specific equipment, including stickers and medals in order to establish a regular School Sports Day.	All children have had the opportunity to compete at school sports day and to win medals and stickers.
Health Squad expenses	£93.15	To buy reward cards and stickers for healthy snacks.	The Health Squad have continued to provide healthy messages to classes around school, including 'hidden salts and sugars in food'. All children have now once again been provided with reward stickers if they bring healthy fruit and veg in to school for a snack. This has had a big impact on the number of healthy snacks in school.
Cheerleading after-school club	£150	To respond to parent feedback to provide more dance-based after school clubs.	The cheerleading club has been well attended and has contributed to an increase in the number of children participating in extra-curricular sports. Teachers have had the opportunity to observe the coach as part of their CPD. The cheerleading club ran for one term due to the coach retiring.
Annual check of sports equipment.	£414.22	To ensure that PE equipment and apparatus in school meets the required safety standards.	All equipment has been checked and is safe to use.
