

Our Lady's Catholic Primary School

'Living and Learning in Faith'

17th September 2020

Dear Parents and Carers,

Audit of Home Technology

As you are aware, children are being kept in Year Group Bubbles whilst they are in school. This is to minimise the risk of the spread of infection and limit the potential closure of bubbles should there be a positive case of coronavirus in school.

There is an expectation from the Government that, should schools need to close a bubble, education would still continue. We are currently developing our Home Learning provision in readiness for such an event. Ideally, we would like to do this using an online learning platform, which means children need access to the internet and a suitable device. Therefore, we are conducting an audit of home technology so that we can assess the feasibility of this, and make alternative provision where necessary.

Please can you complete the attached form and return to school as soon as possible.

Thank you for your co-operation with this matter.

Kind regards,

A M Core
