

## Sport Pupil Premium Funding – April 2020 to April 2021

Item	Cost	Objective	Outcome/Impact
Outside area equipment for EYFS.	£1985.43	To increase opportunities for children to use gross motor skills in EYFS to aid their physical development. This included a large sandpit and activity tray.	Children in EYFS are now able to use a wide range of movements to improve their motor skills, including stretching, bending, and digging.
Membership to Stockport Shapes Alliance.	£2300	Peer networking/CPD and access to advice and competitions with other schools.	Being part of the Shapes Alliance has given us access to a range of competitions with other schools. It allows us to attend network meetings for CPD which benefits the development of all teachers. During lockdown, it has provided us with opportunities to help the children keep active at home.
Sportsafe UK	£144.82	To ensure PE equipment is safe to use.	All equipment has been deemed safe to use and the equipment which was unsafe has been removed and replaced.
Skipping Ropes, minute timer and equipment to provide home-learning activity pack to all children, plus associated costs of delivering packs to children.	£1178.08	To provide an activity pack and challenge cards to all children, which included a skipping rope and timer, to all children so that they could stay active during lockdown.	This allowed all children, regardless of whether they had an outdoor space or not, to stay active during lockdown. It contained personal 1-minute challenges for all children which could be repeated each day and so also encouraged personal challenge. Most children engaged really well and it had a positive impact on their mental health.
	£5608.33		

- Underspend was due to significant period of school closure due to National Lockdown. This money will be carried forward to next year with a significant focus on keeping children healthy and active.
